Stubblings House Offices

Background to Stubblings House & Estate

The Grade II listed Manor house dates back to 1750, following which extensive additions were made in the Victorian period including a 2 acre walled garden. Set in 75 acres of mature parkland, the garden is dominated by two massive Cedar trees (*Cedrus libani*) thought to have been planted around the date of Mozart's birth.

In 1940 the house was inhabited by Queen Wilhelmina of the Netherlands when she moved away from the blitz in

London. During this period a garrison of her private guard camped out in the adjoining woodland, and she was often sighted cycling around local villages in the area.

Café Restaurant

Stubblings benefits from its own Café, open 9am to 5pm 7 days per week. The Café is the ideal place to pick up a coffee, breakfast, light bite, lunch or afternoon tea.

Free Wifi is also available in the Café (subject to fair usage). For more information please visit our website.

Despite its tranquil and countryside setting Stubbings House is located just 20 minutes from Heathrow International Airport and 45 minutes by road to central London.
